Please describe:

The teachers were informed about the final results of OFF-Book project; the sources, where to find the Guide and the Video Tutorial, have been presented.

The outcome of the meeting has two points. The first one is the shared positive experience with the participants in theory and practice. The OFF-Book students organised the practical workshop, involving the adults. There were five activities presented: *Contact Point with Ground*, *Dummies*, *Squat Down and Squat Up*, *Humans and Statues*, *One Story for Everyone*, and *The Guide*. The second point is the general feedback, collected from the participants; students had a free-style evaluation while teachers and educators had formal OFF-Book evaluation questionnaires to fill.

The general participants' feedback is positive, students especially loved the practical part of the meeting, and focused on the activities they liked the most. Teachers and educators are complimenting the simplicity and informativity of the Teachers' Guide, additional positive aspect, as they named, is the video format and informal meeting style.
